Get it now before it's gone forever!

Here are 11 cards I made from one sheet of paper

This is the layout you will use to cut your DSP
 Start with the 5 1/4" and then turn and cut the 2 – 4" pieces and the two 2" pieces
 Then cut the 3 1/2".....etc etc

Once that is done start laying out your cards

You will need the following card bases in Soft Succulent

6 – 8 1/2" x 5 1/2" scored at 4 1/4"

5 – 11" x 4 1/4" scored at 5 1/2"

9 – Basic White pieces 5 1/4" x 4" – run all 9 through the Die Cutting and Embossing Machine using the Tasteful Textile 3D Embossing Folder

Cards 1 & 2

These two cards are identical

As I was thinking about doing this set of cards, I wanted to do another set at the same time. So I used a different piece of the Designer Series Paper and made two sets at the same time!

Here's the 2nd set

You can just follow the directions for the first set! All measurements are the same!

As always if you have ANY questions, don't hesitate to contact me!!
