4" x 4" Box

Step 1: Begin with piece of cardstock 6" x 11".

Step 2: With 6" side along the top and left side fence, score 1" in from each side.

Step 3: With 11" side along the top and left side fence, score at 1", 5", 6" and 10". Cut along red lines as shown on template.

Step 4: Fold into box, adhering the side flaps as you go.

Can hold note cards, candy or whatever you might like.

Valerie Stangle designed a smaller version for 3" x 3" cards and envelopes.

Paper size: 5 1/4" x 9 1/2"

Score at 1", 4 1/4", move the left edge of paper to the 3/4 mark, score at 6, move paper back to left fence, score at 8 1/2 ". Rotate and score 1" down each side.

Cut and assemble as above.

I found these instructions for a box to fit A2 (or regular sized cards)

Start with a piece of card stock 12" x 8"

Score at 1", 5 1/2 ", 6 1/2 ", and 11"

Turn and Score at 1" and 7"

Follow directions above for assembling.
