

Cut 2 pieces of 12" X 6" Designer Series Paper at the same time.

Your paper should be cut to 12" X 6" in the landscape orientation if the paper has a directional pattern. For example, if the paper has an animal in the pattern, the animal should be standing upright when you hold the paper as pictured above.

You can think of your paper as 3 sections. Make your first cut at 3-1/2" along the 12" edge. Your second cut will be at 4" (along the 8-1/2" edge) of the remaining 8-1/2" X 6" piece of paper.
